

POST RELEASE

ChemiCos & ChemiCosBeauty spring'22

On March 22 – 24 in Crocus Expo IEC the leading industry international exhibition of professional and household chemistry, perfumery and cosmetics, hygiene products and raw materials ChemiCos & ChemiCosBeauty spring 2022 took place.

Mayer Group of Companies and FGUP NTS Khimvest of the Ministry of Industry and Trade of Russia with the official support of the Ministry of Industry and Trade of Russia, Russian Union of Industrialists and Entrepreneurs, Russian Chemists Union, Chamber of Trade and Industry of Russia and Rossa NIIBKHA organized the exhibition.

More than 50 raw material and producing companies, which presented 120 novelties and premieres, participated in the exhibition.

Despite the not so easy for the industry current events, participants and visitors showed high interest in each other. Within 3 days, more than 3 000 specialists took part in the work of the exhibition. Due to suspension of foreign productions, closure and (or) withdrawal from the market of foreign companies, all the participants of the exhibition were experiencing a high demand for their products, especially domestic producers of raw materials and packaging.

This spring among the exhibitors there were presented the following companies: FERVERIKA, ECORD, Production and chemical company Alabino LLC, JM Trading LLC, UTS Group of Companies, Taurus LLC, Profy Mill LLC, TD FREEMEN LLC, LUXUPAK LLC, Tver Tissue LLC, Chistota i zdorovye LLC, Aerosol service LLC, B&B Family Company, GOODHIM, DUTYBOX, AER LLC, Lonstin, Mir dezinfeksii LLC, PZPI LLC, PROHIM, RASTER LLC, EFKO Cosmetic LLC, VIRIDI GROUP, GERTEKS LLC, NORVIN LLC, Alfa Khim Group LLC, Belaya manufaktura, KEMAN LLC, KIMAX, TM MATSESTA, TM SEAROSE, MEDLEXPROM LLC, Solntse LLC, BelEmsa LLC,

Interpolikhim LLC, AGAT LLC, Inotex LLC, Eco-Standard-K LLC, Unilever Rus LLC, FlexFresh Group, Unique cosmetic LLC, Torgoviy dom Avicomp LLC, MAGRAV LLC, DELFIN DISTRIBUTION LLC, TissueProm LLC and others.

Collective expositions of the regions were organized by the Department of industrial politics of Krasnodarskiy kraj of unitary non-commercial organization 'Industry Development Fund of Krasnodarskiy kraj', as well as Moscow, Omsk and Tver regions.

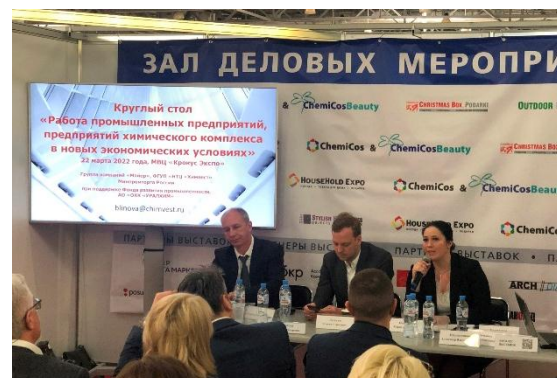

In the framework of the exhibition, a business program, rich with events and presentations, was held.

March 22 a round table [‘Work of industrial enterprises, enterprises of chemical complex in new economic conditions’](#) was held. FGUP NTS Khimvest in collaboration with Mayer group of companies and with support of the Industry Development Fund were the organizers. The following participants took part in the round table:

- S.S.Lagutin – Industry Development Fund
- G.V. Ladyshev – Russian export center
- A.V. Raykhman – head of the project on support of the regional export of the REC

- A.A. Nenakhova – ‘Uralkhim Innovatsiya’ LLC
- S.V. Bershitskiy – president of Association of Polymer Integration
- A.M. Sharov – Neftekhimtrans LLC of RusIranExpo Group of Companies

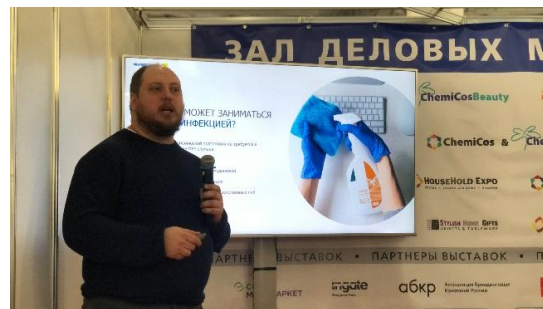

On March 23 an industry conference dedicated to the Russian and international markets of cosmetics and household chemistry [‘Creation of demanded products in conditions of changing markets’](#) took place. Raw materials for household chemistry and cosmetics became the key topics of the conference – review, alternatives, and new decisions:

- Trends in fragrances for cosmetics and household chemistry. Influence of a fragrance on perception of cost and value of the product.
- How the market of eco cosmetics will change and if it will need eco certification? Eco Standard
- Privolzhsk association of nature users and recyclers
- Alternative raw materials of domestic production (AO KAZNITOCHV) as a replacement of import complexing compounds and polycarboxylates in products for washing and goods of household chemistry

- Polyplast
- Buyers capacity and consumer preferences
- Eco household chemistry and cosmetics – new reality and sustainable trends
- Eco certification – fears and reality

[Presentations of speeches of the conference](#)

On March 23 INTERSEN-plus company held a DESINFECTION 2022 workshop.

Novelties of the industry were presented in the following categories of goods:

- [Household chemistry, sanitary and hygiene products, cosmetics](#)
- [Cosmetics, sanitary and hygiene products](#)
- [Goods for cleaning, household goods and storage systems](#)
